High-Efficiency Compressor

HIGH-EFFICIENCY AIR CONDITIONER

ASXC16 | Up to 17 SEER

Distinguishing features:

ComfortBridge™ Technology Compatible

When your new air conditioner is paired with an **Amana** brand gas furnace with **ComfortBridge** technology, performance data from the split system is gathered and used to make automatic adjustments that may help reduce the amount of energy used to cool your home.

Always in pursuit of innovative ideas, our engineers have designed **ComfortBridge** technology to help your entire HVAC system cost-effectively operate at peak performance — providing consistent energy-efficient home comfort. **ComfortBridge** technology works with any single-stage thermostat to help create customized indoor comfort specifically for you and your family.

Quiet Performance

You can be assured that your **Amana** brand air conditioner will provide you with quiet operation. To minimize operating sounds, we've acoustically engineered our systems with enhancements that include a compressor sound-reduction cover made of high-density foam and a specially designed sound-control top.

Energy Efficiency

Energy efficiency equates to cost savings. Your **Amana** brand ASXC16 Air Conditioner offers up to 17 SEER energy-efficiency performance. "SEER" stands for Seasonal Energy Efficiency Ratio, a measure used by the U.S. Department of Energy to rate the cooling efficiency of air conditioners and heat pumps. The higher the SEER, the greater the efficiency—and the lower the operating cost. Compared to lower SEER units found in many homes, an **Amana** brand ASXC16 Air Conditioner provides significant savings on your electric bill.

How the Amana brand makes your decision easier

The purchase of an indoor comfort system is not one to be taken lightly. However, it's one you can make with an air of confidence when you consider all that distinguishes the venerable **Amana** brand.

Comforting craftsmanship

Innovative engineering, world-class manufacturing processes and the relentless drive to ensure each unit lives up to our uncompromising standards – these attributes define the **Amana** brand and result in the premium performance homeowners have come to expect from an American legend. Assembled in Texas, **Amana** brand air conditioners are built to last and last.

Confidence-inspiring compressor

With **Amana** brand air conditioners, your comfort and savings start with a high-efficiency compressor designed to provide years of reliable cooling comfort. Featuring the latest compression technology, overload protection and efficient design, the compressor is complemented by our durable, high-efficiency condensing coil,

which is made with corrugated aluminum fins and refrigeration-grade copper tubing.

*The security of the Amana brand's amazing limited warranties**

To truly seal the deal, **Amana** brand indoor comfort systems are backed by industry-leading limited warranties*. The majority of our HVAC products are covered by a Lifetime Unit Replacement Limited Warranty, while all **Amana** brand products feature a 10-Year Parts Limited Warranty. Together these warranties combine to offer homeowners a level of purchase protection that's the stuff of legend.

LIMITED WARRANTY* PROTECTION

* Complete warranty details available from your local dealer or www.amana-hac.com. To receive the Lifetime Unit Replacement Limited Warranty (good for as long as you own your home) and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

The Amana brand ASXC16 High-Efficiency Air Conditioner advantages:

- ✔ **ComfortBridge Technology Compatible** – Continuously monitors system performance for customized indoor comfort.
- ✔ **Comfort Speed Technology** – Designed to automatically adjust the speed of the compressor and condensing fan motor based on cooling demand – full, 100% capacity for extreme temperatures, and reduced capacity for milder days. A system with **Comfort Speed** technology may lower your energy costs when compared to a single-speed unit that only runs at 100% on or 100% off.
- ✔ **Copeland® ComfortAlert™ Diagnostics** – Advanced diagnostics constantly monitor your air conditioner system, reducing failures and pinpointing trouble spots for a fast fix.
- ✔ **Efficient Cooling Capacity** – Five millimeter, refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant.
- ✔ **Factory-Installed Inline Filter Drier** – Protects the refrigerant system from dirt and moisture for longer service life compared to a unit without a filter drier.
- ✔ **Quiet Operation** – Acoustically engineered, high-density sound control blanket helps to reduce noise levels compared to units without sound blankets for years of quiet comfort.
- ✔ **Heavy-Gauge Galvanized Steel Enclosure with Sound-Control Top** – With advanced fan design, it provides dependable, quiet airflow across the condensing coil.

EXTENDED SERVICE PLANS AVAILABLE

For even greater peace-of-mind, ask your dealer or visit our website at www.amana-hac.com for more details about **Asure™**, an affordable Parts and /or Labor Extended Service Plan for your entire **Amana** brand HVAC system.

Ask your dealer for full details.

A legacy of comfort

The impeccable reputation of an American original

Amana brand heating and cooling systems are a part of the enduring legacy of one of America's most recognized and respected brands. Originating eight decades ago in Amana, Iowa, the brand is synonymous with long-lasting, premium quality products – from home appliances to heating and air conditioning equipment. Chances are, you and generations before you have enjoyed the dependable performance and longevity the **Amana** brand continues to deliver.

Proper sizing and installation of equipment is critical to achieve optimal performance. Split system air conditioners and heat pumps must be matched with appropriate coil components to meet **ENERGY STAR®** criteria. Ask your contractor for details or visit

www.energystar.gov.

ComfortBridge™
 technology

HVAC Communicating Control

ComfortBridge technology offers off-the-wall smart communicating systems capable of customizing energy-efficient performance, use of any single-stage thermostat, and more.
